Kincumber STP – Clarifiers Interconnection

Contract Value: \$414,000

Final Value: \$424,000

Client: Central Coast Council

Client Contact: Amanda Cashion

Works included the construction of an interconnecting pipeline between existing Stage 1 and Stage 2 clarifiers at Kincumber STP.

- Construction of a new reinforced concrete electrical pit around existing in-service low-voltage cables
- Construction of two (2) electrically actuated SS penstocks including access platforms and associated pit modifications
- Construction of a new DN1100 GRP gravity interconnection pipeline
- Design, supply, installation, testing and commissioning of a new magnetic flowmeter
- Relocation of existing services to accommodate the new pipeline

This contract was conducted in an operating sewage treatment plant and also included coordination with other
