

RECENT PROJECTS

Toukley STP Desludging

Contract Value: \$1,022,000

Final Value: \$1,381,060

Client: Central Coast Council

Client Contact: Mick Hutton

Key activities included the construction of a temporary roadway to facilitate site access and the replacement of pipework from the digester to sludge lagoon. A bunded containment area was also constructed to improve environmental protection.

Works on the sludge lagoons included desludging Lagoon No.1, demolishing the existing concrete matting, and constructing new concrete aprons for both Lagoon No.1 and Lagoon No.2. Additional activities include turning over spoil to promote drying and reinstating disturbed areas to restore the site to its original condition upon completion.

The project was completed in October 2024.
